CARRERA / S / 4 / 4S / GTS #8217

TURBO / S #8188

## INTERCOOLER SYSTEMS

BECAUSE OF THE CNC MACHINED THROTTLE BODY CONNECTION THAT HAS BEEN OPTIMIZED FOR IMPROVED AIRFLOW INTO THE THROTTLE BODY, THE CSF INTERCOOLER SYSTEM REQUIRES A SIMPLE TRIMMING OF THE TOP LEFT AND RIGHT AIR DUCT.

MUST BE TRIMMED FOR PROPER CLEARANCE OF THROTTLE BODY Y-PIPE FLANGE CONNECTION  
(APPROXIMATELY .5" / 12.5MM)
